

The Cybermissions Report

RESULTS

God has been good and blessed the ministry of Cybermissions. From 1st January to the end of October 2009 we will have:

1. 200,000 unique visitors to our website globalchristians.org
2. Over 130 GB of resources downloaded (mainly ebooks for training purposes)
3. Over 500 people receiving our Eternity Daily Bible Study in their inboxes six days a week
4. Over 60 small Harvestime bible colleges running in the Spanish speaking world with a combined total of 4000 students
5. Successful bible training courses running twice a week at Calvary Chapel South Bay Bible College
6. A post-graduate level Cybermissions course running at Fuller Theological Seminary
7. Over 100 online commitments to Christ
8. Some (hard to measure) influence via our partnerships & membership of various evangelical peak bodies and committees.
9. Developed workbooks for Biblical EQ and Walking In The Spirit (parts 1 & 2)
10. Begun developing video resources for Biblical EQ and Muslim Apologetics
11. For a few months we broadcast over satellite radio to North Africa and the Middle East until funds ran out.
12. 5 small community FM gospel radio stations in a closed country seem to be going well by all accounts, though one has had technical difficulties due to lightning.

Our training resources are also being used freely by other churches,, ministries and websites as we encourage Kingdom deployment and there is a sense that this is quite substantial as we get permission requests on an almost daily basis.

VISION: To Instruct the Nations in God's Word and Its Enduring Principles

I am believing God for better things in 2010 and for a real breakthrough and turn-around as we focus on developing highly strategic resources to meet key needs in the Kingdom of God. We want to be focused on those areas that will multiply the effectiveness of other ministries, and to make our resources easy to use, easy to distribute and as low cost as possible—so that the church in the developing world may be blessed.

What am I dreaming about and praying for?

- 1) A training center able to seat 120 people which is also suitable for audio & video production
- 2) Volunteers, esp, office staff, webmasters, and a good video editor and cameraman
- 3) Radio time in those places where God wants our voice to be heard.
- 4) Developing new or updated training in areas such as: Cybermissions, Missionary Information Security, Prayer & Spiritual Ministry, and Muslim Apologetics.
- 5) Redoing all our websites. Increased numbers of people to visit our websites, use our daily devotionals and set up bible colleges using the Harvestime (and other) training material
- 6) Being able to develop training content for mobile phones, PDAs, iPhones, iPods etc.
- 7) Translation of Harvestime and Biblical EQ into Urdu and other languages to go well
- 8) Developing a much better online training platform and online student classrooms.
- 9) Taking weekend seminars on Cybermissions and Biblical EQ
- 10) Helping churches and church-leaders to understand how they can use the Internet for outreach
